

DOSCH 3D: Cars 2013 – DOSCH DESIGN releases 3D models of current vehicle types

(04 June 2013) Designers in the automotive and architectural sectors always require up-to-date vehicle models for their 3D visualisations. DOSCH DESIGN takes this into account and releases a collection of the most common vehicle types each year.

The new product DOSCH 3D: Cars 2013 is now available. It offers 15 highly detailed and fully textured 3D car models which are perfectly suited to animations, illustrations and visualisations. All models feature the most important details, such as seats, steering wheels, rear view mirrors and wing mirrors, and can be handled individually. The following types are included: VW Golf VII, Infiniti FX, Audi S5 Sportback, VW Jetta, VW Passat Alltrack, Audi A3, Mercedes Benz A-Class, Ford Focus, Opel Adam, Skoda Octavia, Peugeot 5008, VW Multivan, Infiniti M, Fiat 500L and Skoda Rapid.

DOSCH 3D: Cars 2013 is available for €119 via the website www.doschdesign.com.

About DOSCH DESIGN

DOSCH DESIGN develops demand-inspired computer graphics products for professional use in the areas of 3D-design, visualization, animation, movies/TV and desktop publishing. In this endeavor DOSCH DESIGN translates its high design and quality aspirations into high-quality products with an attractive price/value ratio. DOSCH DESIGN products can always be used license free, which means there are no additional cost for commercial use.
