3D-Models HDRIs Textures 2D Viz-Images 3D-Scenes

Products and Services for 3D-Design, Visualization, Media Production and AR/VR.

DOSCH DESIGN offers computer graphics products for 3D design, advertising, print publishing, architectural visualizations, animation, film, game development, app development, webdesign, motion design and multimedia presentations.

DOSCH 3D

3D models and 3D scenes for all popular 3D-applications.

DOSCH Textures

Seamlessly tileable multi-layer textures for 3D-design, animation and CAD.

DOSCH HDRI

High Dynamic Range Images allow you to import the complex lighting of a real scene in your individual 3D-design. Perfect shadow casting and reflection propel renderings into a new dimension of realism and expressiveness. And directly use the HDRIs as backgrounds for virtual models.

DOSCH 2D Viz-Images

Cut-out 2D-depictions of people, cars, interior furniture, trees and plants. Use them directly in 3D-scenes as a planar 3D model.

DOSCH Audio

Support your motion design with high-quality, royalty-free music & sound effects. These products are optimized for the use in trailers, presentations and as background music for movie scenes.
